

Loki Usability Test – Part 2

Welcome to part 2 of testing the Loki e-voting system!

The procedure is almost the same as in part 1:

Do the tasks described below and fill out the questionnaires after.

Tasks – part 2:

1. Cast a fake/invalid vote.
2. Change your vote, to vote for a new candidate.

System Usability Scale (SUS):

Please do the SUS–Questionnaire provided. This will help us understand your thoughts about the system.

Furthermore, we have a few “Additional Questions” that we would also like you to answer.

Thank you for your participation and feedback!
